Comfort Trap™

With chair in up-right position, **enter** from either side of leg rest.

Lean back to **rotate** chair to your favorite position for relaxing.

Tighten the two tension knobs to lock chair in position. **Loosen** these when ready to exit chair.

Exit chair by raising upper body, grasping arm rests, and pulling forward. Keep legs on leg rests for balance.

Maintenance

Periodic cleaning with a mild solution of warm water and dish detergent is all that is needed to keep strap looking bright and shiny. Cleaning agents containing petroleum base ingredients should be avoided. Suntan lotion, insect sprays, and chemical solvents are harmful to the surface of this material, and should be removed immediately with detergent. Cold weather will not harm strap, provided reasonable care is exercised in handling furniture. However, impact blows in temperatures below 20 F. may cause fracturing. The vinyl does contain a mildew inhibitor which is effective for approximately 18 months. After that, mildew can be prevented by a number of products available in local hardware stores or supermarkets.
