All Holly Hill product is available in B, C, and H style cushions.

With chair in up-right position, **enter** from either side of leg rest.

Lean back to **rotate** chair to your favorite position for relaxing.

**Tighten** the two tension knobs to lock chair in position. **Loosen** these when ready to exit chair.

**Exit** chair by raising upper body, grasping arm rests, and pulling forward. Keep legs on leg rests for balance.

## Teak Care and Maintenance

Teak is a beautiful and durable hardwood. After being outdoors for a period of time, it will weather to a silver-grey color (see below). The time period depends upon the amount of sunlight and rain the wood is exposed to. As the wood expands and contracts during this initial exposure, checking can occur. This is normal and will not affect the quality or durability of the furniture. Many people prefer the silver-grey color, but should you wish to maintain or bring back the original wood color, a teak cleaner is recommended. To clean the wood and leave the silver-grey color, use a mild soap and water.

We do not recommend using any type of oil when the furniture is used outdoors as this can cause mildew and irregular coloring to occur.

## Features

- **Custom Fastening System**  
Custom clips quickly snap over chairs to form a taut canopy, shaped to drain off water. It also removes fast for easy storage.
- **Extremely Strong Fabric**  
Almost twice the strength of 8 gauge vinyl
- **Lightweight**  
Fully six times lighter than 8 gauge vinyl
- **Breathable & Moisture Resistant**  
This is the only cover that lets condensation escape
- **Year 'round Flexibility**  
Will not crack, stiffen or melt from -100°F to 275°F
- **Tear, Abrasion & Puncture Resistant**  
Punctures will not propagate, and can be easily repaired
- **Easily Cleanable**  
Just wipe and rinse. Impervious to all household cleaners including bleach. Always rinse thoroughly
- **Excellent Sun Protection**  
High UV resistance keeps fabrics from fading and degrading
- **Resists Rot & Mildew**
- **Stops Dust, Pollen & Pollution**
- **All Materials are Recyclable**
- **Made in The U.S.A.**

Custom Fastening Clip

Covers are warranted for two years in normal use other than natural disasters such as hurricanes, tornadoes, volcanic eruptions or damage from wild or domestic animals.

Made from Tyvek® only by Dupont®

Homecrest offers 13 different frame finishes in a range of colors and textures to meet the customer's distinctive taste. The quality demanded in fine casual furniture is evident in the cleaning, priming, and final coat process used in all Homecrest products.

### Care & Maintenance

Homecrest recommends that in order to keep metal furniture looking its best, it should be washed regularly with mild soap and water and twice a year apply a good quality car wax. For textured frame finishes, use a clear liquid wax.

You can select from over 125 fabrics in a variety of colors and constructions, many of which are exclusive to Homecrest. We offer the best fabrics available to ensure their unique characteristics will withstand the test of time.

### COMFORTEXT®, COMFORTEXT® JACQUARD WEAVE, COMFORTEXT® SPECIAL WEAVE, AND ELBERTEX® FABRICS

**Comfortext®** stripes and solid patterns are open weave fabrics constructed of thermal bonded vinyl coated polyester threads. These fabrics offer strength and durability, easy cleanability, and quick drying times. UV stabilizers and mildew inhibitors are added to minimize the effects of prolonged outdoor exposure.

**Jacquard and Special Weaves** use the same tough Comfortext® threads. The weaving process produces the appealing designs of the jacquards and the very durable, heavyweight special weaves.

**Elbertex®** incorporates acrylic threads to produce an intricate pattern with all the above advantages plus it offers a softer hand and more color intensity.

**Cleaning instructions:** Address stains promptly. Use warm water with a mixture of strong liquid detergent, and chlorine bleach (one cup to three gallons of water). Always rinse thoroughly. Pat to remove excess water and allow to air dry.

### ACRYLICS, ACRYLIC BLENDS, AND OLEFINS

This category includes solid colors, stripes, standard jacquard patterns, and the new and dramatic tapestry weaves. By using solution-dyed threads, which are then woven into a pattern, the results are the look and feel of fine indoor fabrics that are recommended for outdoor and indoor use. UV stabilizers and a protective coating are applied to produce a fabric that is very durable. Another advantage is the easy cleanability.

**Cleaning instructions:** Address stains promptly. Add 1/2 cup of chlorine bleach per three gallons of mild soap solution. Always rinse thoroughly. Pat to remove excess water and allow to air dry.

### ACRYLIC PRINTS AND POLYESTER PRINTS

Printed fabrics offer an infinite variety of color and pattern options. The design is printed on the base cloth of either 100% acrylic or 100% polyester. We specify only the highest quality UV stable inks and then add a protective coating to ensure the reliability of our printed fabrics. Printed fabrics are recommended for outdoor and indoor use but must be cared for slightly different. ☀ The use of Homecrest Covers on printed fabrics will help reduce fading and extend life.

**Cleaning instructions:** Address stains promptly. Use a solution of lukewarm dishwashing liquid. Sponge thoroughly with clear water. Pat to remove excess water and allow to air dry.

**Do not use harsh cleaners or bleach on printed fabrics.**

For specific stain removal on all of Homecrest's fabrics, please see the cleaning and maintenance section of our warranty information book.
