ELEMENTS HIGH BACK DINING CHAIR

Complement these high back dining chairs with the comfort of an Elements high back swivel rocker. The simple styling of Elements coordinates with all Homecrest collections.

ELEMENTS LOVESEAT

Elements' cushions mimic the frame's style to create a versatile, transitional look in all outdoor spaces.

OUTDOOR SEATING

EXPERIENCE MOTION AND COMFORT

Enjoy the outdoors in utmost relaxation with Homecrest stationary and motion pieces. Homecrest outdoor furniture has been a consumer favorite for decades, offering unsurpassed comfort and exceptional longevity. Available in sling, padded sling, air, metal, and cushion.

EXPERIENCE MOTION

Experience Homecrest's motion pieces with our industry-leading swivel rocker mechanisms.

Made in the USA

ALLURE

SLING | ALUMINUM

The clean lines of the Allure collection, met with the strength and durability of powder-coated aluminum, provide premium comfort. Allure features a field-replaceable double layer sling with no welting and carries an unprecedented sling warranty. The quick-drying dining, balcony, and bar units are available with or without arms.

ANTHEM

DREAMCORE + ULTRACORE CUSHION | ALUMINUM

Homecrest's Anthem cushion collection showcases bent aluminum extrusions and minimal welded joints, offering both aesthetic appeal and robust durability. The design features gentle curves and two luxurious cushion options, reflecting Homecrest's heritage of metal bending and uniquely comfortable seating. Anthem exemplifies the American-made craftsmanship for which our company is renowned.

► SELECT YOUR CUSHION TYPE

Choose from either a DreamCore (XXX-**DC**) or UltraCore (XXX-**UC**) cushion for this collection—if one is not selected, the cushion will default to DreamCore. DreamCore offers a fuller, softer sit, while UltraCore provides a streamlined look and firmer support. For contract, we recommend the UltraCore cushion.

DREAMCORE + ULTRACORE CUSHION | HDPE

Our Ava collection seamlessly blends modern sophistication with the beauty of nature. Ava's architectural A-frame profile boasts a rustic charm while offering the unmatched durability of HDPE. Visually resembling natural wood, this sturdy HDPE frame will stand the test of time against the elements without compromising on style. Two sumptuous cushion options beckon you to unwind in your outdoor sanctuary.

► SELECT YOUR CUSHION TYPE

Choose from either a DreamCore (XXX-**DC**) or UltraCore (XXX-**UC**) cushion for this collection—if one is not selected, the cushion will default to DreamCore. BLAIR

Available in: C Cushion

DREAMCORE + ULTRACORE CUSHION | ALUMINUM

Elevate your outdoor seating experience with our Blair collection. Blair redefines relaxation with its luxurious cushions and sleek metal back design. The 8" cushions are available in either DreamCore™, which offers a fuller, softer sit, or UltraCore™, which provides a streamlined look and firmer support. Crafted with precision and strength in mind, Blair's all-aluminum frame ensures longevity and stability for years to come. Blair offers a variety of versatile, modular pieces that allow for unlimited configurations, letting you create arrangements tailored to your unique needs.

► SELECT YOUR CUSHION TYPE

Choose from either a DreamCore (XXX-DC) or UltraCore (XXX-UC) cushion for this collection—if one is not selected, the cushion will default to DreamCore. DreamCore offers a fuller, softer sit, while UltraCore provides a streamlined look and firmer support. For contract, we recommend the UltraCore cushion.

PRODUCT FEATURE

Select any one of our durable finishes for Blair's metal frame. Blair's frame is completely coated with a textured powder-coat finish. Known as an industry leader for our revolutionary paint line, our eco-friendly finishing department uses modern powder-coat frame finish colors on all of our furniture frames, tables, and bases. With Homecrest's experience and technology, your outdoor space will endure the seasons, year after year. Visit our website for frame finish information and options.

**COLLECTION WATCH**

Like the look of Blair's slat metal collection, but want a fully upholstered option? Check out Blair's coordinating slip cover collection shown on pages 16 and 17!

Note: Striped fabrics are not recommended.

BLAIR SLIP COVER

DREAMCORE + ULTRACORE CUSHION | ALUMINUM

Create the ultimate retreat with the refreshing style of our Blair collection. This deep seating series combines sophistication and comfort with fully upholstered backs and supremely comfortable DreamCore™ and UltraCore™ cushion technology. Outdoor elegance is effortless with this robust collection of modular and freestanding pieces, perfect for creating versatile seating arrangements. Whether you are selecting furniture for a home patio or a lively commercial space, Blair's pieces can be configured into anything from cozy conversation sets to plush, sprawling sectionals. Best of all, each frame, cover, and cushion is crafted by our skilled team in the USA.

► SELECT YOUR CUSHION TYPE

BLAIR

SLING + PADDED SLING | ALUMINUM

Blair sling offers clean lines and an open design, making it endlessly adaptable across all environments and design preferences. Its gentle minimalism allows it to stay current and fresh, even as trends evolve over time. Solid aluminum and Homecrest's signature comfort make Blair a collection that is equally at home in commercial spaces and residential environments. When looking to furnish multiple areas at work or at play, complement Blair sling with its coordinating air and cushion collections.

CAPRI

WOVEN + CUSHION | ALUMINUM

Featuring a powder-coated aluminum frame and smooth woven material, the Capri collection offers long-lasting style and comfort. Capri is available in dining and chat chairs designed to enhance your space with coastal warmth and grace. Made from high-quality materials, it withstands high-traffic use and resists the elements for years. The eco-friendly aluminum frame is recyclable, and the all-weather cushions provide comfort and style. Capri's seat and back cushions are sewn together and attach securely to the frame with ties.

CASPER

WOVEN | STEEL

Sleek design meets functional elegance in the Casper collection. Made with high-quality materials, it offers excellent weather resistance and durability in high-traffic areas. Casper's eco-friendly steel frame is recyclable, while its innovative woven mix of rope and resin adds visual appeal. This collection features a lightweight, low-maintenance construction that allows for easy maneuverability and stress-free enjoyment. Ideal for outdoor dining areas or poolside settings, Casper's versatile design complements any space.

Available in: **C** Cushion

Cushions are secured to withstand wind and ensure long-lasting performance.

Note: Striped fabrics are not recommended.

► SELECT YOUR CUSHION TYPE

Choose from either a DreamCore (XXX-**DC**) or UltraCore (XXX-**UC**) cushion for this collection—if one is not selected, the cushion will default to DreamCore. DreamCore offers a fuller, softer sit, while UltraCore provides a streamlined look and firmer support. For contract, we recommend the UltraCore cushion.

**Units are not standalone pieces. We recommend using end units with arms on all modular configurations due to exposed brackets on armless versions.*

ELEMENTS AIR

SENSATION SLING | ALUMINUM

The Elements air collection features the appearance and comfort of deep seating in a foam-free, cushionless construction. Luxurious Sensation sling fabric is used for the ultimate in low-maintenance comfort and also features benefits such as exceptional shape retention and surface memory. Homecrest's double layer sling design is extremely comfortable and field replaceable. Elements offers a versatile, stylish, and low-maintenance solution for your outdoor seating needs.

ELEVATE

SLING | ALUMINUM

The Elevate sling collection shows that elegance and strength can go hand in hand. Elevate features defined lines with added weight for resistance against strong winds. Created from custom, solid aluminum, these pieces offer tremendous resistance to wind, salt, sun, and snow. All these features combine to make Elevate sling ideal for hospitality, workplace, rooftop, and balcony environments.

ELEVATE METAL

EXPANDED MESH | ALUMINUM

Our Elevate mesh collection puts a twist on our classic visual designs, while adding features that make it the ideal choice for hospitality, workplace, rooftop, and balcony environments. Crafted with solid aluminum frames for added weight and resistance against strong winds, these pieces have a unique shape that makes both the armed and armless units fully stackable. In addition, this collection is resistant to salt, sun, snow, and anything else nature can throw at it.

INFINITI

SLING | ALUMINUM

Infiniti is designed for maximum ease of use in any space, at work or at play. It is generously proportioned and simply designed, making it adaptable to all kinds of environments, space designs, and functional requirements. It features Homecrest's premium sling fabric that provides the look of deep seating without any of the maintenance that comes with a traditional cushion. Together with the intelligently designed Infiniti tables that can function as end or corner units, Infiniti offers flexibility and the incomparable quality of Homecrest's American manufacturing.

SUTTON

CUSHION | ALUMINUM

Plush, all-weather back and seat cushions, plus strong lines and durable aluminum frames, are just the beginning of the story that describes Homecrest's Sutton cushion collection. Creating an outdoor space is easy with Sutton's bold shapes. Gently sloping backs promote restful lounging while Homecrest's luxurious cushions hug your body with softness and support. From every angle, the innovative design of the Sutton collection strikes a modern pose.

SUTTON

SLING + PADDED SLING | ALUMINUM

The Sutton sling collection offers the refined comfort of Homecrest's signature double layer sling, perfect for al fresco dining or lounging. Sutton's geometric frame design contrasts with the gently curving sling seat to give outdoor spaces a refined, but energizing, aesthetic. The durable all-aluminum frame can be augmented with an add-on Wind Kit to add weight for windy environments.

EXPERIENCE HEAT AND VERSATILITY

Experience the outdoors all year long with Homecrest outdoor tables and fire tables. Outdoor dining and conversation spaces have consistently been a rising trend in outdoor living design. Our gorgeous tables and fire tables provide a stylish focal point that visually transforms any outdoor space, creating a warm, inviting, and functional atmosphere.

Made in the USA

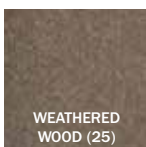

BRIDGER TABLES

HDPE | ALUMINUM

Elevate your outdoor dining experience with the Bridger collection. Constructed with a powder-coated aluminum frame and durable HDPE top and seats, Bridger visually resembles natural wood but eliminates the upkeep and maintenance that comes with it. Transform your outdoor space with this sturdy picnic table that combines robust design and practical elegance.

AVAILABLE TOP COLORS

PRODUCT FEATURE

Bridger's planks feature color consistency throughout the cross section and are manufactured from high-quality recycled HDPE (High Density Polyethylene) to create long-lasting polymer lumber. HDPE is a low-maintenance, environmentally friendly product that features a textured surface that doesn't rot or splinter, doesn't require paint or stain, and is resistant to termites, fungus, salt, and oils.

LOVE OUR DURABLE

CONCRETE TOPS

Offering a simple yet sophisticated style to your outdoor space design has never been easier than with Homecrest's Concrete table tops. A member of our Natural Series collection, our Concrete tables are crafted using the latest in composite technology, giving you a contemporary, industrial-chic piece that is as durable as it is beautiful. This collection is sure to please those with an eye for innovative aesthetics.

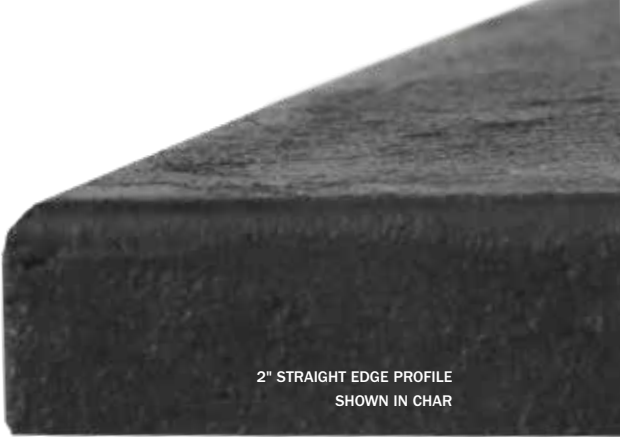

Each top is individually handcrafted and will vary in color. Colors are representations, refer to an actual sample. Homecrest tables and table tops with an umbrella hole come with a coordinating resin plug.

EDEN TABLES

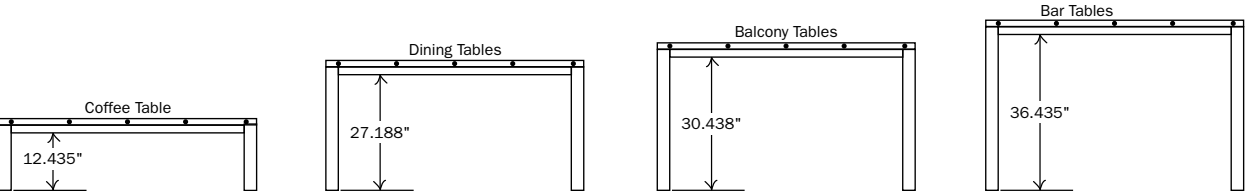

HDPE | ALUMINUM

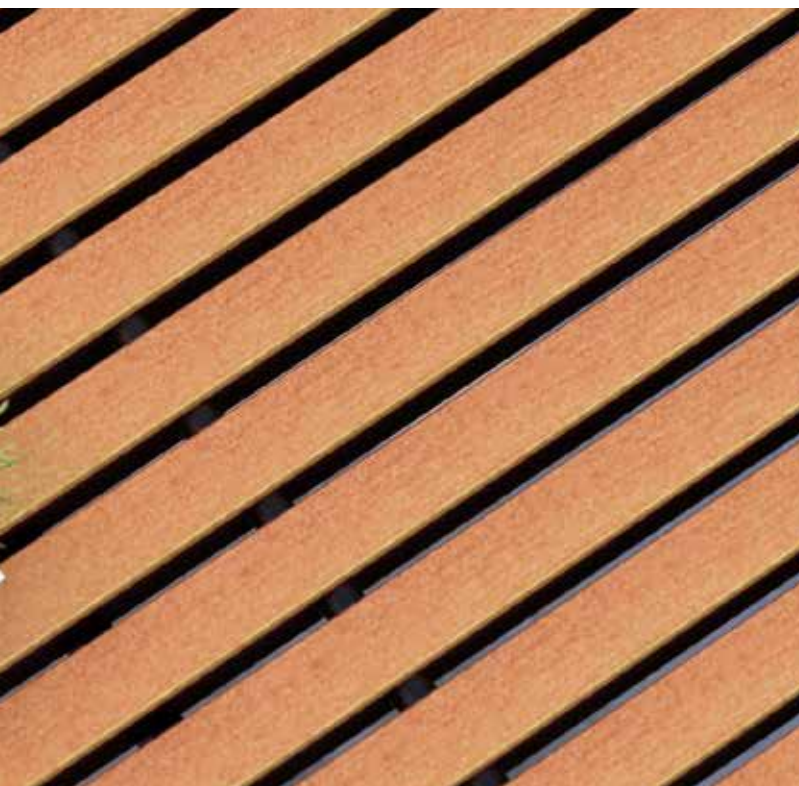

Eden's warmly functional design is sparked by Swedish simplicity, clean lines, and flawless craftsmanship. Constructed with HDPE materials, Eden is a slatted, teak-inspired top with an aluminum base that is available in all of Homecrest's textured powder-coated finishes. Available in dining, balcony, and bar heights, the modern appearance of the Eden collection bears the essence of cool sophistication and the welcoming warmth of comfort you expect from your Homecrest outdoor furniture.

PRODUCT FEATURE

Eden's planks feature color consistency throughout the cross section and are manufactured from high-quality recycled HDPE (High Density Polyethylene) to create long-lasting polymer lumber. HDPE is a low-maintenance, environmentally friendly product that features a textured surface that doesn't rot or splinter, doesn't require paint or stain, and is resistant to termites, fungus, salt, and oils.

Note: These complete table units only require one model number when ordering. Height listed is the complete table height and can vary up to 1/4". Table tops feature a 3.5" edge profile.

INTEGRITY TABLES

COMPOSITE MELAMINE | ALUMINUM

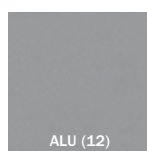

Integrity table tops achieve a commercial trifecta, uniting extreme durability, excellent utility, and pleasing aesthetics in a single unit. These tables are impervious to chemical and thermal effects; meet rigorous standards for UV resistance, impact testing, and hygiene; and are a breeze to maintain in any outdoor application. Available in multiple sizes and finish options, Integrity tops can be paired with a variety of Homecrest bases to meet the height, functional, and aesthetic requirements of your project.

Note: For "Top + Base" units, use both model numbers when ordering. For "Complete Table" units, only one model number is needed. The listed height is the complete table height and may vary by up to 1/4".

LATITUDE FIRE TABLES

ALUMINUM

Our Latitude fire table's clean, slatted aluminum top offers effortless, versatile styling—evoking a breezy boardwalk aesthetic for coastal settings or a rustic charm reminiscent of a luxury ski lodge. No matter your outdoor space, Latitude fire tables can fit and elevate the aesthetic. Homecrest fire tables offer a powerful burner (up to 65,000 BTUs) and come standard with your choice of fire jewelry, as well as a secure key and black 3/4" aluminum fire burner riser.

AVAILABLE TOP COLORS + FRAME FINISHES

FIRE TABLES + ACCESSORIES

Note: Each fire table comes standard with a 12" x 24" rectangular 65,000 BTU stainless steel black powder-coated burner, external key valve, match-light ignition, 20 lbs of fire jewelry (select one or two colors), and a black 3/4" fire burner riser. The burner is available as either Liquid Propane (XXX-JLP) or Natural Gas (XXX-JNG)—if one is not selected, the burner will default to the Liquid Propane option. Fire tables feature a 1.5" edge profile.

MESH TABLES

EXPANDED MESH | ALUMINUM

The mesh outdoor table by Homecrest brings low-maintenance style to your outdoor space. An aluminum mesh top allows water to drain so your table is always ready to enjoy. The aluminum, pedestal-inspired base design allows for maximum leg room. Our mesh tables feature a durable powder-coated finish.

AVAILABLE TOP COLORS + FRAME FINISHES

									
NIKO (34)	UMBER (27)	SEDONA (04)	HICKORY (05)	CARBON (28)	STORM (88)	ONYX (84)	GLACIER (35)	SANDBAR (45)	INDIGO (47)

Note: Use both model numbers when ordering. The listed height is the complete table height and may vary by up to 1/4". Table tops feature a 1.5" edge profile. Table tops with an umbrella hole come with a coordinating smooth metal plug.

**When using the pedestal bases with an umbrella, an umbrella base plate is required. This zinc-plated, solid-steel umbrella base is available in all frame finishes and attaches to the table base. It can also be used to add weight to any pedestal table base. Use the 18" umbrella base plate (23UMBP) with bases 2330B, 2334B, and 2340B. Use the 24" umbrella base plate (33UMBP) with bases 3330B, 3334B, and 3340B. This base features adjustable floor glides for leveling.*

MODE CLUB TABLES

ALUMINUM

Building on our popular Mode collection, Homecrest's Mode Club is a complementary series of contemporary table tops that are uniquely designed for hospitality applications. Mode Club tables feature clean lines and smooth contours in a variety of shapes and sizes that are specifically selected for outdoor spaces in public places. Like its sister collection, Mode Club tops are available in DuoTone color options. Pair these sophisticated tops with the Homecrest base that appropriately meets the height, functional, and aesthetic requirements of your project.

LOVE OUR HANDCRAFTED

SHADOW ROCK TOPS

Homecrest's elegant Shadow Rock tops provide an attractive look and are the perfect complement to any outdoor furniture set. With its beautiful, distinct texture and natural colors, the Shadow Rock top offers a stunning centerpiece for your outdoor area and creates a laid-back atmosphere of relaxation and conversation. Available in several heights, top sizes, and finishes, Shadow Rock features top-quality, American-made components that will withstand weather and can be used season after season.

Each top is individually handcrafted and will vary in color. Colors are representations; refer to an actual sample. Homecrest tables and table tops with an umbrella hole come with a coordinating resin plug.

SHADOW ROCK FIRE TABLES

NATURAL SERIES | ALUMINUM

The distinct texture and natural colors of Homecrest's Shadow Rock fire tables complement any outdoor furniture set beautifully. These handcrafted fire table tops feature subtle texture with a natural edge and are able to withstand the test of time and weather, season after season. Homecrest fire tables offer a powerful burner (up to 65,000 BTUs) and come standard with your choice of fire jewelry, as well as a secure key and black 3/4" aluminum fire burner riser.

SLATE FIRE TABLES

NATURAL SERIES | ALUMINUM

Rustic yet elegant, Homecrest's handcrafted Slate fire tables are a refreshing addition to any outdoor space. Featuring authentic patterns and subtle textures, these smooth-surface fire tables are cast from natural slate and are available in a variety of colors. Our Slate fire tables are as beautiful as they are durable. Homecrest fire tables offer a powerful burner (up to 65,000 BTUs) and come standard with your choice of fire jewelry, as well as a secure key and black 3/4" aluminum fire burner riser.

FIRE TABLES

Note: Each fire table comes standard with a 12" x 24" rectangular or 20" round 65,000 BTU stainless steel black powder-coated burner, external key valve, match-light ignition, 20 lbs of fire jewelry (select one or two colors), and a black 3/4" fire burner riser. The burner is available as either Liquid Propane (XXX-JLP) or Natural Gas (XXX-JNG)—if one is not selected, the burner will default to the Liquid Propane option. The square and rectangular fire tables feature a 3" natural edge profile and the round fire tables feature a 1.5" natural edge profile.

STONEGATE TOPS

Featuring the dramatic beauty of natural rock, our Stonegate tops combine natural elements with modern finishes for style and durability. Stonegate is designed to withstand the elements and is available in many shapes and heights. Its clean simplicity and smooth finish give Stonegate an on-trend appearance that allows it to adapt to a wide range of design applications, whether residential or commercial.

Each top is individually handcrafted and will vary in color. Colors are representations, refer to an actual sample. Homecrest tables and table tops with an umbrella hole come with a coordinating resin plug.

LOVE OUR TRENDY

TIMBER TOPS

Cast from beautiful reclaimed wood tables, our popular Timber collection is on trend and timeless. Using the same technology we use in all Natural Series tops, we are able to achieve a look that is marvelously realistic while retaining the outstanding outdoor performance characteristics you expect from Homecrest.

Each top is individually handcrafted and will vary in color. Colors are representations, refer to an actual sample. Homecrest tables and table tops with an umbrella hole come with a coordinating resin plug.

TIMBER FIRE TABLES

NATURAL SERIES | ALUMINUM

Individually handcrafted and cast from beautiful reclaimed wood tables, our Timber fire tables look incredibly realistic. Our Timber tops are made with extremely durable materials, allowing them to withstand even the toughest weather conditions. Homecrest fire tables offer a powerful burner (up to 65,000 BTUs) and come standard with your choice of fire jewelry, as well as a secure key and black 3/4" aluminum fire burner riser.

FIRE TABLES

Note: Each fire table comes standard with a 12" x 24" rectangular or 20" round 65,000 BTU stainless steel black powder-coated burner, external key valve, match-light ignition, 20 lbs of fire jewelry (select one or two colors), and a black 3/4" fire burner riser. The burner is available as either Liquid Propane (XXX-JLP) or Natural Gas (XXX-JNG)—if one is not selected, the burner will default to the Liquid Propane option. The square and rectangular fire tables feature a 3" straight edge profile and the round fire tables feature a 1.625" straight edge profile.

HOMECREST UMBRELLAS

MARKET + CANTILEVER + GIANT PULLEY LIFT

Add the final touch to your outdoor space with Homecrest Outdoor Living's stylish and durable umbrellas. Whether you are designing for your home or business, we have you covered with our market, cantilever, and giant pulley lift options. All of our umbrellas are built with commercial-grade materials, so you can enjoy worry-free shade for years to come. Plus, you can choose from our full selection of fabric offerings to tailor your umbrella to suit your personal aesthetic or project specifications.

MARKET UMBRELLA CRANK LIFT/AUTO TILT

This is the ONLY crank lift/auto tilt in the industry designed and warranted for commercial use. Our crank lift/auto tilt market umbrella is engineered to withstand 40 mph sustained winds.

- 316 stainless steel, commercial-grade, 60° tilt crank handle and axle
- 1.5" diameter center pole with a durable 1/8" aluminum wall thickness provides incredible strength and durability
- 1/2" fiberglass ribs and struts for maximum strength and flexibility
- Stainless steel grommets attach the canopy securely to the frame
- 4-layer fabric protection and closed stitching pocket

BAR HEIGHT POLE OPTION
A bar height pole (47FM-BP) is available and adds 10" to the overall height. Use the umbrella model numbers on the left and specify "bar" when ordering.

MARKET UMBRELLA PULLEY LIFT

Our easy glide pulley system is supported by a durable woven cord that allows you to effortlessly open and close the umbrella. All of our pulley lift umbrellas are designed with a hook pin to keep the pulley cord out of reach and out of sight. Our pulley lift market umbrella is engineered to withstand 40 mph sustained winds.

- 1.5" diameter center pole with a durable 1/8" aluminum wall thickness provides incredible strength and durability
- 1/2" fiberglass ribs and struts for maximum strength and flexibility
- Smooth and effortless pulley system
- Stainless steel grommets attach the canopy securely to the frame

CARBON

Note: This is not an exact match to our Carbon paint finish.

DESERT BRONZE

ONYX

Note: This is not an exact match to our Onyx paint finish.

Note: Umbrella clearance dimensions are measured while not mounted in a base. Depending on the selected base, these clearance measurements will change. All dimensions have a +/-6" tolerance based on the pitch angle of the umbrella rib. This is due to multiple variables: pin placement height, crank tautness, and fabric weight.

Available in: **U** Umbrella

SOL UMBRELLA CANTILEVER

Maximize your space with the Sol cantilever umbrella. Sol is manufactured using the industry's best materials and fabric available to provide many years of trouble-free use and enjoyment. Its Infinity Tilt allows you to change positions effortlessly. This modern cantilever is suitable for use in low to moderate wind conditions and ensures hours of protection from the sun and light rain.

- Crank lift built for commercial use, allowing smooth and effortless operation in any environment
- Mast and all critical joints are extruded aluminum, ensuring unmatched strength and durability
- Full 360° rotation combined with the Infinity Tilt provides countless hours of maximum shade
- Engineered to withstand 25 mph winds; included wind stabilizer kit increases by 5 mph
- Mounting options include permanent, semi-permanent, and freestanding bases for installation on any surface
- Stainless steel hardware throughout
- Black polyester protective cover bag included

EXPERIENCE **FASHION** AND **FUNCTION**

Experience the ultimate in style and selection with Homecrest's outdoor fabrics and durable finishes. With a wide variety of colors and textures, you can choose the look that suits you. Customize your chair, loveseat, sofa, or chaise by using our online Interactive Design Center at design.homecrest.com. Here, you can customize Homecrest furniture with a variety of fabrics and finishes.

HOMECREST FABRICS

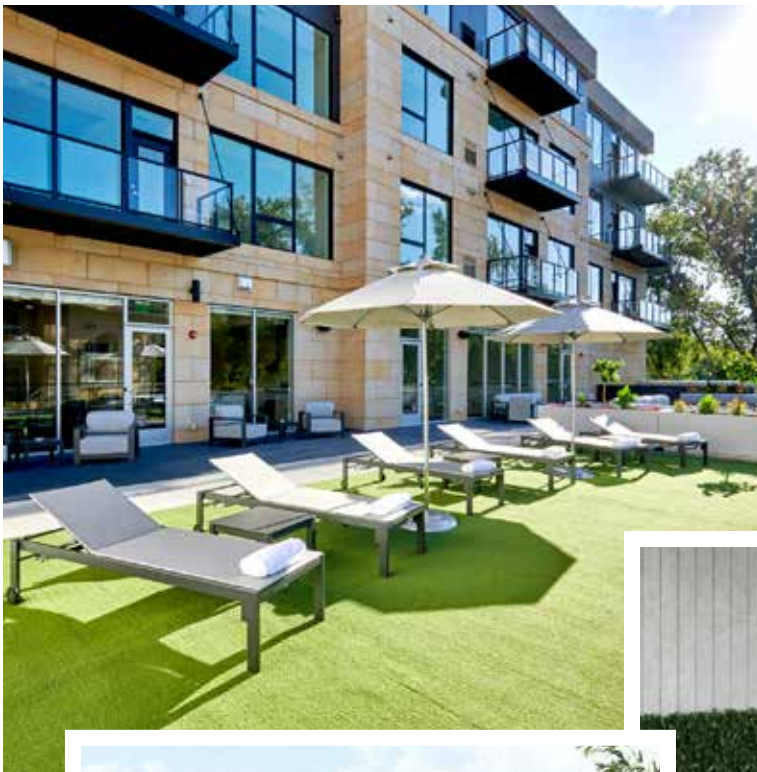

SLINGABLE + CUSHION + MORE

Without great fabrics, outdoor spaces lack meaning and inspiration. The perfect combination of texture, color, and pattern not only adds beauty, but has the power to invigorate and rejuvenate. Homecrest offers a complete selection of fabric options so you can create a custom outdoor space tailored to your design aesthetic. Our double layer slings provide exceptional support, while our Sensation slings take this double layer design and add a level of unmatched comfort and shape retention. In addition, Homecrest has partnered with several well-known fabric vendors to offer cushion fabric options that feature premium performance and durability without sacrificing design.

For design ideas and inspiration, visit our website. To help you visualize and customize your chair or fire table, use our Interactive Design Center at design.homecrest.com. Here you'll have the opportunity to: (1) pick your collection, (2) choose your finish, (3) select your fabric or fire jewelry, and (4) view, print, and buy.

SEATING OPTIONS LEGEND:

A Air **S** Sling **PS** Padded Sling **C** Cushion **U** Umbrella **V** Vintage Wire **W** Welt

SEATING OPTION + FABRIC SELECTION GUIDE

A Air | Homecrest air collections feature the appearance and comfort of deep seating in a foam-free, cushionless construction. Luxurious and exclusive Sensation sling fabrics are used for the ultimate in low-maintenance comfort and feature benefits such as exceptional shape retention and surface memory. The air sling has a double layer design that is extremely comfortable and field-replaceable. All double layer slings carry a five-year residential and two-year commercial warranty.

S Sling | The Homecrest-pioneered sling is constructed of two layers for unmatched comfort and support. Our durable sling is easily replaceable and available in a variety of outdoor fabrics, including our exclusive Sensation slings. Minimal maintenance and comfortable design continues to make the Homecrest sling a #1 choice from coast to coast. When selecting a Homecrest sling seating option (except for Allure, Elevate, and Infiniti), a welt or binding selection is required. Welting will match the frame finish unless an alternate is selected. Slings utilize the same fabric on the front and back for an attractive look. All double layer slings carry a five-year residential and two-year commercial warranty.

PS Padded Sling | Our padded sling seating option features a triple layer sling with slight padding for added comfort. This attractive chair with distinctive silhouette stitching gives you not only a comfortable sit, but also a stylish addition to your outdoor space. The padded sling expands your fabric options to outdoor fabrics from suppliers like Sunbrella® and Tempotest®. For the padded sling seating option, select one of these outdoor fabrics for the front and a Homecrest sling fabric for the back. Like the sling seating option, our padded sling requires a welt or binding selection. Welting will match the frame finish unless an alternate is selected.

C Cushion | Our durable cushions provide unmatched comfort in a fast-paced world. The cushion seating option includes deep seating cushions, dining cushions, removable seat pads, and padded seats. Homecrest cushions are extremely comfortable and weather resistant.

W Welt | Welting or binding will match the frame finish unless an alternate is selected.

HOW TO READ A HOMECREST FABRIC LABEL + MAKE ORDERING EASY

When choosing a fabric for the product selected, seating option coding will confirm the availability. Please indicate the fabric grade and follow the "ordering process" instructions for that fabric.

Fabric Name

Grades:

A = \$ and B = \$\$

Note: Fabrics are separated into different grades based on their construction characteristics (types of yarns, dyes used, weave intricacy, etc.). While grade A fabrics cost less than grade B fabrics, this doesn't indicate the quality of the materials used.

Carbon

Grade A
Fabric Content: PVC

S Sling - This fabric will be used for the front and back of a sling (S). On many Homecrest sling collections, a welt (W) is also required.

PS Padded Sling (Back Only) - This fabric is an option for the back of a padded sling only.

W Welt - This fabric is a welting (W) fabric.

Note: For ordering tips, see the inside back cover.

S PS W

Ordering Tips:

- A Air** - Sensation sling fabrics will be used for the front and back of air (A) collections. A welt fabric is not required.
- S Sling** - Sling fabrics will be used for the front and back of a sling (S). On many sling collections, a welt (W) is also required. If a welt is not selected, it will default to the frame finish.
- PS Padded Sling** - The padded sling (PS) front is available in acrylic and other fashionable fabrics. A Homecrest sling (S) fabric is required for the back. If a back or welt (W) fabric is not selected, it will default to the frame finish.
- W Welt** - On many sling collections, a welt (W) is required. If a welt fabric is not selected, it will default to the frame finish. Some fabrics are available in both sling (S) and welt fabrics, creating a seamless or self-welted look.

Denotes what seating option the fabric is available on.

SENSATION SLING FABRICS

Since 1953, Homecrest has built its reputation on quality, innovation, and comfort. One landmark example of this was our introduction of the Sensation sling in 2002. As pioneers in the elastomeric fabric category, we have more than two decades of experience building Sensation sling furniture; to this day, there is nothing that comes close to the maintenance-free comfort, memory, colorfastness, and longevity of a Homecrest Sensation sling chair.

Sensation slings are constructed using an elastomeric yarn that is woven together with normal PVC sling fibers, creating a material that has amazing stretch characteristics for comfort, and outstanding memory for fabric longevity. If you have never sat in a Sensation sling chair, you really need to—the difference in comfort between a Sensation sling and a standard PVC sling is remarkable. The fabric stretches and moves according to the frame of the person sitting in it, while providing excellent support and comfort.

All of Homecrest’s Sensation sling products go through 90,000 cycles of drop-testing without damage. Our testing has also shown that Sensation fabrics promote the structural integrity of the metal frames used in chair construction, as the elastomeric characteristics absorb much of the shock that would normally be borne by the supporting frame.

As for maintenance, Sensation fabrics just can’t be beat. There’s no such thing as a ‘dry time’ after rain—if a Sensation sling product needs to be used immediately after a storm, towel it off and it’s ready to go. Likewise, cleaning is a breeze, and the Sensation fabrics’ incredible colorfastness makes them look showroom ready, year round.

At Homecrest, we use Sensation fabrics on air products and dining furniture alike. Whether on a single chair or a giant sectional, all Sensation sling products feature our double layer sling technology. Plus, our air collections’ unique "cushionless", foam-free construction brings together the very best in comfort, style, and maintenance-free outdoor living.

SLINGABLE FABRICS

Homecrest sling (S) fabrics can be used on all sling seating collections with the exception of Homecrest air (A) collections. Products that indicate air as a seating option are only available in Homecrest's Sensation slings. Homecrest's double layer sling has both a welted design and non-welted design, signified by the collection. The sling fabric will be the same on the front and the back unless a padded sling is selected.

The padded sling (PS) seating option is only available in acrylic and other fashionable fabrics, also known as cushion (C) fabrics, but require a sling back fabric selection and a welt (W). Look for sling fabrics with the (W) symbol for welting. The welt color will always default to match the frame finish unless an alternate is selected.
